A. LEGISLATIVE

FOR THE GENERAL ASSEMBLY LEGISLATORS' SALARIES - HOUSE

Total Operating Expense	3,550,728	5,512,333

LEGISLATORS' SALARIES - SENATE		
Total Operating Expense	1,071,285	1,071,285
SENATE EXPENSES	• •	. ,
Total Operating Expense	7,186,750	7,797,170

Included in the above appropriations for house and senate expenses are funds for a legislative business per diem allowance, meals and other usual and customary expenses associated with legislative affairs. Except as provided below, this allowance is to be paid to each member of the general assembly for every day, including Sundays, during which the general assembly is convened in regular or special session, commencing with the day the session is officially convened and concluding with the day the session is adjourned sine die. However, after five (5) consecutive days of recess, the legislative business per diem allowance is to be made on an individual voucher basis until the recess concludes.

Members of the general assembly are entitled, when authorized by the speaker of the house or the president pro tempore of the senate, to the legislative business per diem allowance for each and every day engaged in official business.

The legislative business per diem allowance that each member of the general assembly is entitled to receive equals the maximum daily amount allowable to employees of the executive branch of the federal government for subsistence expenses while away from home in travel status in the Indianapolis area. The legislative business per diem changes each time there is a change in that maximum daily amount.

In addition to the legislative business per diem allowance, each member of the general assembly shall receive the mileage allowance in an amount equal to the standard mileage

rates for personally owned transportation equipment established by the federal Internal Revenue Service for each mile necessarily traveled from the member's usual place of residence to the state capitol. However, if the member traveled by a means other than by motor vehicle, and the member's usual place of residence is more than one hundred (100) miles from the state capitol, the member is entitled to reimbursement in an amount equal to the lowest air travel cost incurred in traveling from the usual place of residence to the state capitol. During the period the general assembly is convened in regular or special session, the mileage allowance shall be limited to one (1) round trip each week per member.

Any member of the general assembly who is appointed, either by the governor, speaker of the house, president or president pro tempore of the senate, house or senate minority floor leader, or Indiana legislative council to serve on any research, study, or survey committee or commission, or who attends any meetings authorized or convened under the auspices of the Indiana legislative council, including pre-session conferences and federal-state relations conferences, is entitled, when authorized by the legislative council, to receive the legislative business per diem allowance for each day in actual attendance and is also entitled to a mileage allowance, at the rate specified above, for each mile necessarily traveled from the member's usual place of residence to the state capitol, or other in-state site of the committee, commission, or conference. The per diem allowance and the mileage allowance permitted under this paragraph shall be paid from the legislative council appropriation for legislator and lay member travel unless the member is attending an out-of-state meeting, as authorized by the speaker of the house of representatives or the president pro tempore of the senate, in which case the member is entitled to receive:

(1) the legislative business per diem allowance for each day the member is engaged in approved out-of-state travel; and

(2) reimbursement for traveling expenses actually incurred in connection with the member's duties, as provided in the state travel policies and procedures established by the legislative council.

Notwithstanding the provisions of this or any other statute, the legislative council may adopt, by resolution, travel policies and procedures that apply only to members of the general assembly or to the staffs of the house of representatives, senate, and legislative services agency, or both members and staffs. The legislative council may apply these travel policies and procedures to lay members serving on research, study, or survey committees or commissions that are under the jurisdiction of the legislative council. Notwithstanding any other law, rule, or policy, the state travel policies and procedures established by the Indiana department of administration and approved by the budget agency do not apply to members of the general assembly, to the staffs of the house of representatives, senate, or legislative services agency, or to lay members serving on research, study, or survey committees or commissions under the jurisdiction of the legislative council (if the legislative council applies its travel policies and procedures to lay members under the authority of this SECTION), except that, until the legislative council adopts travel policies and procedures, the state travel policies and procedures established by the Indiana department of administration and approved by the budget agency apply to members of the general assembly, to the staffs of the house of representatives, senate, and legislative services agency, and to lay members serving on research, study, or survey committees

or commissions under the jurisdiction of the legislative council. The executive director of the legislative services agency is responsible for the administration of travel policies and procedures adopted by the legislative council. The auditor of state shall approve and process claims for reimbursement of travel related expenses under this paragraph based upon the written affirmation of the speaker of the house of representatives, the president pro tempore of the senate, or the executive director of the legislative services agency that those claims comply with the travel policies and procedures adopted by the legislative council. If the funds appropriated for the house and senate expenses and legislative salaries are insufficient to pay all the necessary expenses incurred, including the cost of printing the journals of the house and senate, there is appropriated such further sums as may be necessary to pay such expenses.

The department shall develop an annual program of work for research and extension in cooperation with those units being served, listing the types of research and educational programs to be undertaken. The commissioner of the department of transportation may make a grant under this appropriation to the institution or agency selected to conduct the annual work program. Under IC 8-14-1-3(6), appropriations for the program of technical assistance and for the program of research and extension shall be taken from the local share of the motor vehicle highway account.

- (1) In the case of an elected state officer, it shall be shown that the duties of the office require driving about the state of Indiana in the performance of official duty.
- (2) In the case of department or commission heads, it shall be shown that the statutory duties imposed in the discharge of the office require traveling a greater distance than one thousand (1,000) miles each month or that they are subject to official duty call at all times.
- (3) In the case of employees, it shall be shown that the major portion of the duties assigned to the employee require travel on state business in excess of one thousand (1,000) miles each month, or that the vehicle is identified by the agency as an integral part of the job assignment. In computing the number of miles required to be driven by a department head or an employee, the distance between the individual's home and office or designated official station is not to be considered as a part of the total. There shall be an insignia permanently affixed on each side of all state owned cars, designating the cars as being state owned. However, this requirement does not apply to state owned cars driven by elected state officials or to cases where the commissioner of the Indiana department of administration or the commissioner's designee determines that affixing insignia on state owned cars would hinder or handicap the persons driving the cars in the performance of their official duties.

Federal funds received under this SECTION are appropriated for purposes specified by the federal government and this act, subject to allotment by the budget agency. The provisions of this SECTION and all other SECTIONS concerning the purpose, acceptance, disbursement, review, and approval of any grant, loan, or gift made by the federal government or any other source to the state or its agencies and political subdivisions shall apply, notwithstanding any other law.

SECTION 27. [EFFECTIVE JULY 1, 2003]

This SECTION does not apply to any contract entered into by an agency or department of state government that is the result of a public works project contract under IC 4-13.6.

SECTION 29. [EFFECTIVE JULY 1, 2003]

Except in those cases where a specific appropriation has been made to cover the payments for any of the following, the auditor of state shall transfer, from the personal services appropriations for each of the various agencies and departments, necessary payments for Social Security, public employees' retirement, health insurance, life insurance, and any other similar payments directed by the budget agency.

SECTION 30. [EFFECTIVE JULY 1, 2003]

under this section during a state fiscal year may not exceed the entity's base year revenue. For each state fiscal year beginning after June 30, 2002, the treasurer of state shall pay that part of the riverboat wagering taxes that:

- (1) exceeds a particular city or county's base year revenue; and
- (2) would otherwise be due to the city or county under this section;
- to the property tax replacement fund instead of to the city or county.
- (c) Each state fiscal year the treasurer of state shall transfer from the tax revenue remitted to the property tax replacement fund under subsection (a)(3) to the build Indiana fund an amount that when added to the following may not exceed two hundred fifty million dollars (\$250,000,000) during the state fiscal year beginning July 1, 2002, and two hundred eighty-five million dollars (\$285,000,000) during each state fiscal year beginning after June 30, 2003:

- (d) Before August 15 of 2003, and each year thereafter, the treasurer of state shall distribute the wagering taxes set aside for amount of revenue sharing available for distribution in the state fiscal year under subsection (a)(1) to the county treasurer of each county that does not have a riverboat according to the ratio that the county's population bears to the total population of the counties that do not have a riverboat. Except as provided in subsection (g), the county treasurer auditor shall distribute the money received by the county under this subsection as follows:
 - (1) To each city located in the county according to the ratio the city's population bears to the total population of the county.
 - (2) To each town located in the county according to the ratio the town's population bears to the total population of the county.
 - (3) After the distributions required in subdivisions (1) and (2) are made, the remainder shall be retained by the county.
 - (e) Money received by a city, town, or county under subsection (d) or (g) may be used only:
 - (1) to reduce the property tax levy of the city, town, or county for a particular year (a property tax reduction under this subdivision does not reduce the maximum levy of the city, town, or county under IC 6-1.1-18.5);
 - (2) for deposit in a special fund or allocation fund created under IC 8-22-3.5, IC 36-7-14, IC 36-7-14.5, IC 36-7-15.1, and IC 36-7-30 to provide funding for additional credits for property tax replacement in property tax increment allocation areas;

 - (4) for police and fire pensions.

However, not more than twenty percent (20%) of the money received under subsection (d) may be used for the purpose described in subdivision (4).

(f) Before September 15 of 2003 and each year thereafter, the treasurer of state shall determine the total amount of money distributed to an entity under IC 4-33-12-6 during the preceding state fiscal year. If the treasurer of state determines that the total amount of money distributed to an entity under IC 4-33-12-6 during the preceding state fiscal year was less than the entity's base

After June 30, 2003, and before July 1, 2005, the amount of the supplemental distribution is equal to the following:

- (1) For an entity described in IC 4-33-12-6(b)(1), IC 4-33-12-6(b)(2), IC 4-33-12-6(b)(3), IC 4-33-12-6(d)(1), IC 4-33-12-6(d)(2), IC 4-33-12-6(d)(3), or IC 4-33-12-6(d)(4), fifty percent (50%) of the difference between the entity's base year revenue (as determined under IC 4-33-12-6) and the total amount of money distributed to the entity during the preceding state fiscal year under IC 4-33-12-6.
- (2) For an entity described in IC 4-33-12-6(b)(4) and IC 4-33-12-6(d)(5), IC 4-33-12-6(b)(5) and IC 4-33-12-6(d)(6), and IC 4-33-12-6(b)(6) and IC 4-33-12-6(d)(7), the amount of the supplemental distribution is equal to the difference between the entity's base year revenue (as determined under IC 4-33-12-6) and the total amount of money distributed to the entity during the preceding state fiscal year under IC 4-33-12-6.

After June 30, 2005, the amount of the supplemental distribution is equal to the difference between the entity's base year revenue (as determined under IC 4-33-12-6) and the total amount of money distributed to the entity during the preceding state fiscal year under IC 4-33-12-6.

- (g) This section applies only to a county containing a consolidated city. The county auditor shall distribute the money received by the county under subsection (d) as follows:
 - (1) To each city, other than a consolidated city, located in the county according to the ratio that the city's population bears to the total population of the county.
 - (2) To each town located in the county according to the ratio that the town's population bears to the total population of the county.
 - (3) After the distributions required in subdivisions (1) and (2) are made, the remainder shall be paid in equal amounts to the consolidated city and the county.

- (c) Each year, beginning in 2001 and ending in 2011, after the treasurer of state prepares the annual report required by IC 4-8.1-2-14, the secretary-investment manager shall determine:
 - (1) the amount of interest earned by the public deposit insurance fund during the state fiscal year ending on the preceding June 30, after deducting:
 - (A) all expenses and other costs of the board for depositories that were not paid from other sources during that state fiscal year; and
 - (B) all expenses and other costs associated with the Indiana education savings authority that were not paid from other sources during that state fiscal year; and
 - (2) the amount of interest earned during the state fiscal year ending on the preceding June 30 by the pension distribution fund established by subsection (g); and
 - (3) in annual reports covering state fiscal years beginning after June 30, 2003, an estimate of the interest that was not earned in the preceding state fiscal year as a result of transferring money from the public deposit insurance fund to the state general fund in the state fiscal year beginning July 1, 2003, and ending June 30, 2004, as a result of legislation enacted in the 2003 session of the general assembly.
- (d) On or before November 1 of each year, beginning in 2001 and ending in 2011, the public employees' retirement fund shall provide a report to the secretary-investment manager concerning the individual and aggregate payments made by all units of local government (as defined in IC 5-10.3-11-3) during the preceding calendar year for benefits under the police and firefighter pension funds established by IC 36-8-6, IC 36-8-7, and IC 36-8-7.5.
- (e) On or before the last business day of November of each year, beginning in 2001 and ending in 2011, the secretary-investment manager shall compute the amount of earned interest to be distributed under this section to each unit of local government (as defined in IC 5-10.3-11-3) in accordance with subsection (h) according to the following formula:
 - STEP ONE: Add the amount determined under subsection (c)(1) to the amount determined under subsection (c)(2).
 - STEP TWO: Divide the STEP ONE sum by the aggregate amount of payments made by all units of local government during the preceding calendar year for benefits under the police and firefighter pension funds established by IC 36-8-6, IC 36-8-7, and IC 36-8-7.5, as reported under subsection (d).
 - STEP THREE: Multiply the STEP TWO quotient by the amount of payments made by each unit of local government during the preceding calendar year for benefits under the police and firefighter pension funds established by IC 36-8-6, IC 36-8-7, and IC 36-8-7.5, as reported under subsection (d).
- (f) Subject to subsection (j), on or before the last business day of December of each year, beginning in 2001 and ending in 2011, the secretary-investment manager shall provide to the auditor of state:
 - (1) a report setting forth the amounts to be distributed to units of local government, as determined under subsection (e); and
 - (2) a check payable from the public deposit insurance fund to the pension distribution fund established by subsection (g) in an amount equal to the amount determined under subsection (c)(1).
- (g) The pension distribution fund is established. The pension distribution fund shall be administered by the treasurer of state. The treasurer of state shall invest money in the pension distribution fund not currently needed to meet the obligations of the pension distribution fund in the same manner as other public money may be invested. Interest that accrues from these investments shall be deposited in the pension distribution fund. Money in the pension distribution fund at the end of a state fiscal year does not revert to the state general fund.

- (h) Subject to subsection (j), on June 30 and October 1 of each year, beginning in 2002 and ending in 2012, the auditor of state shall distribute in two (2) equal installments from the pension distribution fund to the fiscal officer of each unit of local government identified under subsection (d) the amount computed for that unit under subsection (e) in November of the preceding year.
- (i) Each unit of local government shall deposit distributions received under subsection (h) in the pension fund or funds identified by the secretary-investment manager and shall use those distributions to pay a portion of the obligations with respect to the pension fund or funds.
- (j) Before providing a check to the auditor of state under subsection (f)(2) in December of any year, the secretary-investment manager shall determine:
 - (1) the total amount of payments made from the public deposit insurance fund under IC 5-13-13-3 after June 30, 2001;
 - (2) the total amount of payments received by the board for depositories and deposited in the public deposit insurance fund under IC 5-13-13-3 after June 30, 2001; and
 - (3) the total amount of interest earned by the public deposit insurance fund after the first of the payments described in subdivision (1).

If the total amount of payments determined under subdivision (1) less the total amount of payments determined under subdivision (2) (referred to in this subsection as the "net draw on the fund") exceeds ten million dollars (\$10,000,000) and also exceeds the total amount of interest determined under subdivision (3), the secretary-investment manager may not provide a check to the auditor of state under subsection (f)(2) and a distribution may not be made from the pension distribution fund under subsection (h) in the following calendar year until the total amount of interest earned by the public deposit insurance fund equals the net draw on the fund. A check may not be provided under subsection (f)(2) and a distribution may not be made under subsection (f) in any subsequent calendar year if a study conducted by the board under section 7(b) of this chapter demonstrates that payment of the distribution would reduce the balance of the public deposit insurance fund to a level insufficient to ensure the safekeeping and prompt payment of public funds to the extent they are not covered by insurance of any federal deposit insurance agency.

(k) The secretary-investment manager and the auditor of state shall provide for a supplemental distribution of money to units that receive a distribution of interest under this section. The total amount of the distribution is equal to an estimate made by the secretary-investment manager of the interest that was not earned in the preceding state fiscal year as a result of transferring money from the public deposit insurance fund to the state general fund in the state fiscal year beginning July 1, 2003, and ending June 30, 2004, as a result of a budget bill enacted in the 2003 session of the general assembly. The amount of the total distribution shall be transferred from the public deposit insurance fund to the pension distribution fund in the same manner and at the same time as a transfer is made under subsection (f). A distribution under this subsection to units shall be made at the same time and in the same manner as distributions are made under subsection (h). Each unit shall receive a distribution under this subsection in the same proportion as the unit's share of the total amount distributed under subsection (h). Money distributed under this subsection may be used only for the purposes described in subsection (i).

5	calendar year by two (2) years.
6	The maximum levy is to include the portion of any excessive levy and the levy for new

If the railroad or other corporation in some subsequent calendar year makes payment of the delinquent taxes, then the state superintendent of public instruction shall prescribe adjustments in the distributions of state funds pursuant to this chapter as are thereafter to become due to a school corporation affected by the delinquency as will ensure that the school corporation will not have been unjustly enriched under the provisions of P.L.382-1987(ss). 7	SECTION 92. IC 21-3-1.7-8.2 IS ADDED TO THE INDIANA CODE AS A NEW
8	SECTION TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2002 (RETROACTIVE)]:
9	Sec. 8.2. (a) Except as otherwise indicated, "school corporation" includes a charter school.
10	(b) As used in this section, "transfer amount" means the product of:
11	(1) a school corporation's assessed valuation for calendar year 2002 divided by one
12	hundred (100); multiplied by
13	(2) the lesser of:
13 14 15	(A) three hundred twenty-eight ten-thousandths (0.0328); or
15	(B) the school corporation's capital projects fund tax rate for calendar year 2002
16	multiplied by five-tenths (0.5) .
17	(c) This subsection applies to calendar years ending before January 1, 2004.
18	Notwithstanding IC 21-3-1.6 and subject to section 9 of this chapter, the state distribution
19	for a calendar year for tuition support for basic programs for each school corporation
20	equals the result determined using the following formula:
21	STEP ONE:
22	(A) For a school corporation not described in clause (B), determine the school
23	corporation's result under STEP FIVE of section 6.7(e) of this chapter for the
24	calendar year.
25	(B) For a school corporation that has target revenue per adjusted ADM for a
26	calendar year that is equal to the amount under STEP ONE (A) of section 6.7(e)
27	of this chapter, determine the sum of:
28	(i) the school corporation's result under STEP ONE of section 6.7(e) of this
29	chapter for the calendar year; plus
30	(ii) the amount of the annual decrease in federal aid to impacted areas from
31	the year preceding the ensuing calendar year by three (3) years to the year
32	preceding the ensuing calendar year by two (2) years; plus
33	(iii) the part of the maximum general fund levy for the year that equals the
34	original amount of the levy imposed by the school corporation to cover the
35	costs of opening a new school facility during the preceding year.
36	STEP TWO: For a school corporation that is not a charter school, determine the sum
37	of:
38	(A) the school corporation's tuition support levy;
39	(B) the school corporation's excise tax revenue for the year that precedes the
40	current year by one (1) year;
41	(C) for the last six (6) months of calendar year 2002, the school corporation's
12	transfer amount; plus
43	(D) for the first six (6) months of calendar year 2003, the school corporation's
14	transfer amount.
45	The amount determined under this STEP for a charter school is zero (0).
46	STEP THREE: Determine the difference between:
17	(A) the STEP ONE amount; minus
48	(B) the applicable STEP TWO amount.

- (b) The pension stabilization fund is established. The pension stabilization fund shall be a part of the pre-1996 account, and shall be administered by the board of trustees of TRF in accordance with the powers and duties granted to the board of trustees in IC 21-6.1-3-6, IC 21-6.1-3-7, and IC 21-6.1-3-9 through IC 21-6.1-3-15.
- (c) Amounts allocated to the pension stabilization fund under IC 4-30-16-3, a portion of employer reserve balance (as determined by the budget director so that the employer reserve is sufficient for the cash flow needs), and other amounts appropriated to the pension stabilization fund by the general assembly shall be deposited in the pension stabilization fund.
- (d) Expenditures from the fund may not be made until state fiscal year 2006. After June 30, 2003, and before July 1, 2004, the board of trustees of TRF shall use an amount not to exceed one hundred ninety million dollars (\$190,000,000) from the pension stabilization fund to pay the pre-1996 Indiana state teachers' retirement fund's pension liabilities for state fiscal year 2004. After state fiscal year 2006, 2005, payments from the fund will equal the pre-1996 Indiana state teachers' retirement fund pension liabilities for the current fiscal year minus the prior year's state general fund payments for the pre-1996 Indiana state teachers' retirement fund times the pension stabilization percentage. (In state fiscal year 2006, the prior year's state general fund payments for the pre-1996 Indiana state teachers' retirement fund shall be treated as including the amount used under this section in the prior state fiscal year to pay pre-1996 Indiana state teachers' retirement fund's pension liabilities.) The pension stabilization percentage shall be set at one hundred six percent (106%). The budget agency, after review by the state budget committee and with the approval of the governor, may change the pension stabilization percentage such that the present value of future payments from the fund equal the fund's balance plus the present value of future receipts to the fund, but the payments may not allow the fund balance to be negative.
- (e) Money in the pension stabilization fund at the end of a state fiscal year does not revert to the state general fund.
